

Welcome to 1stLegacy!

We are Europe's largest single source of hard to find and obsolete electronic and electrical components. We have spent over 50 years collecting all sorts of Connectors, relays, Servos and Synchro products in our UK warehouse, making it easier for our customers to maintain electronic systems after life's service, and easier to find the hard to find components, you are looking for!

SO cut out the middle men brokers and sourcing houses and start searching direct! Today we have **90086** different parts available in this database for you to search.
